I-74 Ramp Work in East Peoria and Peoria

PEORIA – The Illinois Department of Transportation announces that motorists will encounter intermittent lane width reductions on I-74 ramps between Exit 96 (Washington Street) in East Peoria and Exit 88 (Sterling Avenue) in Peoria, beginning Tuesday, May 2.

The lane width reductions on the ramps are necessary for pavement sealing work, which is expected to be completed by Monday, May 8. The work will begin at Exit 96, continue westbound to Exit 88 and then proceed back to Exit 96.

No lane closures are scheduled on I-74 in this vicinity as part of the ramp work.

Please slow down and use extreme caution while driving through all work zones.
